

Don't Forget About Us: Northern Ireland
Dedicated to Lycia Trouton's *Linen Memorial*

Don't forget about Us
the ones who passed here before
Don't forget about Us
Who lost lives and so much more

Don't forget about Us

Don't forget the reasons you're here today
As the years have come and gone... there has been change
What has been achieved thru the tears and the pain

Don't forget about Us

The lost lives
Don't forget about Us
And how we lived
Don't forget about Us
As you travel on

Don't forget
During The Troubles we were killed and maybe you can remember our names one day

Don't forget about Us
the ones who passed here before
Don't forget about Us
About our lives and so much more
Don't forget about Us
The ones who died in different ways on all different paths...

There has been change

Don't forget all the different Reasons
Don't forget all the different Reasons
Don't forget all the different Reasons
You're here today, today , today

DON'T FORGET ABOUT US
